

## DODD-FRANK SECTION 1073: QUESTIONNAIRE FOR GLOBAL BANKS

In the Spring of 2013, all U.S. banks and other institutions that send electronic funds transfers originated by U.S. consumers to recipients abroad will be required by Section 1073 of the Dodd-Frank regulation to provide pre- and post-payment disclosures. These must include the sum of the transfer amount, any fees and taxes charged in connection with the transaction, and the date on which funds will become available. We have developed a survey to facilitate collection of this information.
